PROJECT

I am currently looking for a company to host me for a work-study program during the 2026/2027 academic year, during which I will be in my third year of a Bachelor of Technology (B.U.T.) in Computer Science. I then plan to continue my studies at an engineering school, possibly still through a work-study program.

UNIVERSITY PROJECTS

During my university studies, I had the opportunity to complete several projects, most of which you can find in my portfolio:

- A website displaying a map of all rugby pitches in France and the weather at their coordinates
- An application to assist professors in grading system programming (Bash) lab exercises
- An application for securely storing passwords
- An application to calculate the shortest routes between major French cities

STUDY PATH

2023/2027 - Bachelor of Technology (B.U.T.) in Computer Science, Aix-Marseille University Institute of Technology (IUT), Arles campus

2022/2023 - Bachelor of Science in Computer Science - University of Avignon

2022 - Preparatory classes in Physics - Lycée LaMartinière Monplaisir, Lyon

2019/2022 - General Baccalaureate (Specializations: Mathematics, Physics-Chemistry, and Engineering Sciences) - Lycée Ismaël Dauphin, Cavaillon

SKILLS

LANGUAGES

English: Fluent

Spanish: School level

COMPUTER SCIENCE

- Database (SQL)
- Object-Oriented Programming (C++, Java)
- Project Management, Scrum Methodology
- Web Development (HTML/CSS/JavaScript/PHP)
